A LETTER FROM OUR FOUNDER

Querida familia BELLA,

When I was five years old in kindergarten, I was introduced to the idea of another language through my school's weekly Spanish specials class. I was immediately drawn to the prospect of learning to communicate in a different way so that I could do so with more people; I even have a note on my kindergarten report card that says, "Jessica loves learning Spanish!" Ever since, I have looked for any and every opportunity to connect with others via commonalities, be them language, passion, food, or friends. Immersing myself in different cultures intrigues and fascinates me because seeing the similarities and differences between them really shows me both the uniqueness and commonalities of being human.

BELLA stands for everything I have always been passionate about: fostering curiosity about and compassion for the world and other people, building bridges and connections throughout the community and world, and using languages and cultural education as the vehicle to make all of that happen.

When I moved to Harford County in 2022, I was disappointed by the lack of language immersion early childhood education businesses around, as I was raising my then-toddler (and now five year old) bilingual, speaking almost exclusively in Spanish to her while the rest of her world communicated with her in English. When I started considering employment opportunities to pursue after the birth of my second daughter, I decided to fill that gap by opening a Spanish dual immersion home daycare. As time went on, the interest in Spanish immersion daycare grew and the idea of BELLA was conceived. Throughout conversations with several community organizations, it was deduced that the best way to meet the needs of the community was to focus on nontraditional care hours, as that is a tremendous barrier to work in Harford County, affecting economic growth and overall social wellbeing.

I am completely blown away at how far BELLA has come since its initial inception in early 2025. What started as transitioning my Spanish dual immersion home daycare to a center has become the bilingual educational movement in Harford County, and I couldn't be more excited about the prospect of all that is to come, especially when we attain a building to open a childcare center. On November 17, we celebrated one year of being a 501(c)(3) and all that we have accomplished thus far. With the work of a committed and very hardworking board of directors, BELLA has connected with hundreds of organizations, businesses, and educators; developed programming partnerships with more than ten local businesses; executed a one-of-a-kind kindness campaign; collaborated with local businesses to host eight fundraisers; and brought early bilingual educational programming to more than 50 students through a summer camp, programs at The Playroom, programs with the YMCA, and more! We are excited to expand and diversify our Spanish and bilingual enrichment programs in 2027 with established local businesses while also expanding our fundraising efforts with new initiatives, expanded community engagement, and the debut of our signature annual fundraising event.

To the community members who have supported us from the beginning: muchísimas gracias! In a county with a lack of bilingual educational opportunities, your support in the forms of not only money, but in event and fundraiser attendance, social media shares, and encouragement motivates us to continue to take steps towards making Harford County filled with bilingual educational opportunities.

As 2026 comes to an end, we invite you to support BELLA Academy, Inc. in a way that is meaningful to you, whether that is through service, in-kind donations, or financial contributions at different sponsorship/donor levels. We are so agradecidos for your continued support as we begin 2027!

Humildemente,

Jess McLeod

A BIG ¡GRACIAS!

FROM OUR FOUNDER

Without my hardworking board of directors, we would not only not be here, but BELLA wouldn't exist. Life has a way of life-ing and getting you down in the dumps, but my board has always been there to hold everything together; when one of us is in a rut, the others are always there to brainstorm new ideas and keep the momentum going. I want to give a huge thank you to our president, Alex, for being a figurative machine as far as her ideas, research, and visions go. I'm forever grateful for having met you at my Spanish class at We Rock the Spectrum. And to Nyssa, board secretary, an enormous gracias for believing in BELLA (and in me); I knew when we met at Colorado State University in my graduate program that I wanted you on my team, even if I didn't know what team that would wind up being. To Adam, our website guru, you surpassed all of my expectations for our website and everything IT! I love how our friendship serves as an example of everything BELLA stands for, as we met while traveling the world and making connections in different cultures. To Jennifer, our development chair, as I've gotten to know you throughout the years as strangers messaging on Facebook, I knew that you would be the perfect puzzle piece needed to make BELLA known in the community. To Julia, I've wanted you on the team since we initially talked about the idea of BELLA because your experience, connections, and overall bubbly and positive personality are just the traits needed to make us successful. To Lauren, thank you for being so willing to jump aboard this crazy train and contribute all of your cultural and educational experience. And to all of the other board members, thank you so much for your commitment to and passion for nurturing curious, compassionate, and connected learners through bilingual education; without your help, so many meetings, partnerships, and programs wouldn't have been possible.

Licensed Childcare Spaces

When parents have dependable childcare, they can pursue their jobs. When children have access to high-quality early education, they can learn and grow. When both parents and children receive this support, the entire community becomes stronger.

BELLA Academy is dedicated to bridging this gap for families in Harford County.
